### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Clark Jablon, Attorney of Record, on 06 April 2005.

The application has been amended as follows:

Claims 2, 4, 12-18, 20, 22 and 30-46 are cancelled.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record (Ryan et al, U.S. Patent 6,304,859.) teaches a computer-implemented data-processing method for creating a defined benefit pension plan funded using variable life insurance contracts, the method comprising: entering, via at least one user interface, actuarial data used to create the defined benefit pension plan and based on the actuarial data, electronically generating a variable life insurance policy, and funding the defined benefit pension plan using the variable life insurance policy, see column 1, lines 8-15, column 5, lines 45-57 and column 8, line 59 thru column 9, line 17.

The prior art of record fails to teach a computer-implemented data processing method for creating a qualified defined benefit pension plan funded using variable life insurance contracts, the method comprising: electronically generating a separate agreement that extra-contractually modified the variable life insurance policy wherein the plan includes the policy and the separate agreement; and providing a guaranty of the plan benefits using the plan's policy and separate agreement as specified in the specification, page 6, paragraph 0028 and in Appendix A, paragraphs 0066-0073. For these reasons, claims 1, 3, 5, 19, 21 and 23 are deemed to be allowable over the prior art of record, and claims 6-9, 11, 24-27 and 29 are allowable by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
